Mr. Ransome Wyman  
 Roklin Systems, Inc.  
 20541 Pascal Way  
 Lake Forrest, CA 92630

Dear Mr. Wyman:

The California Department of Transportation (Caltrans) has reviewed the following new product:

<u>Product</u>	<u>Tracking Number</u>
Flexset	NPE 04-03-006

The Pavement Related New Product Needs Assessment Committee (PRNP-NAC) has reviewed this product as a possible application to repair roadway potholes. The PRNP-NAC has determined that currently, Caltrans does not have existing specifications to repair roadway potholes. Thus, the use of any pothole repair products would be at the discretion of the District Maintenance Supervisors on a project by project basis.

Caltrans Office of Health and Safety Services (OHS) has also completed its review of the Material Safety Data Sheets (MSDS) and permitted the use of this product by Caltrans employees when appropriate personal protective equipment is used. Please note the following caution:

- If spraying or heating product, user must wear positive pressure supplied air respirator.

Should this product be proposed for use on any Caltrans project, it would be the supplier's responsibility to make sure the product complies with all the local water and air quality requirements.

Product review and acceptance or approvals do not constitute an endorsement of this product by Caltrans.

Mr. Ransome Wyman

Thank you for giving Caltrans the opportunity to review this product. If you have any questions regarding the new products review process, please contact the New Products Desk at (916) 227-7073.

Sincerely,

L. JANIE SPENCER  
New Products Coordinator  
Materials Engineering and Testing Services  
Division of Engineering Services
